PLUMED KNIGHTS.

Henry Bates Stoddard, of Texas, Elected Grand Commander Knights Templar.

COL. MOULTON DEPUTY GRAND MASTERS

William B. Melish, of Cincinnati, Elected to Succeed Rev. H. W. Ruggs a Captain General.

Frank H. Thomas Captured Junior Grand Wardenship-The Next Concclave Will Be Held in San Francisco in 1904.

Louisville, Ky., Aug. 30.—After many hours of deliberation, Frank H. Thomas was chosen as the place of meeting the first Tuesday in September, 1904, the 29th triennial concclave of Knights Templar, which has been in progress here since Tuesday, Thursday adjoined to the date set, and the festivities came to an elbow at a musical hall on Friday. Thursday night the band was playing.

The election of officers occupies the greater part of Thursday's session. Henry Bates Stoddard, of Texas, was elected to succeed Col. Moulton as grand master.

Rev. H. W. Ruggs, of Rhode Island, advanced one rank to the office of grand captain general, and he succeeded Col. Moulton.

William B. Melish, of Cincinnati, O, was elected to succeed Ruggs as captain general, while Joseph A. Locke, of Portland, Me., the junior grand warden, was made senior grand warden.

ONLY TWO CANDIDATES.

These officers were elected without opposition. The only contest came in the election of grand recorder and junior grand warden. There were 17 candidates. On the first ballot Frank H. Thomas, of Washington, D. C., received 137 votes. As only 141 votes are required to elect, it was decided to re-ballot, as certain that the second ballot would elect him. The second ballot gave the office to Thomas, by receiving 185 out of 205.

In the contest for the grand recorder, W. H. Moulton, of St. Louis, who held the office for six years, was defeated by John A. Geros, of Detroit. Mr. Mayn led on the first ballot, but lost steadily thereafter, until the office went to the Detroit of the fifth ballot. H. Wales Jones, of Cincinnati, was re-elected grand treasurer practically without opposition.

When the elections were over the committee on time and place of meeting reported. San Francisco was the only bidder and carried off the honor without a struggle. Indianapolis put in a bid for the privilege of 1907.

NEW OFFICERS INSTALLED.

The installation of the new officers followed. Sir Knight Stoddard, the new grand master, was given an enthusiastic reception by Texas templars.

The break-up of the concclave began early. The templars left the city after the grand ball.

By Friday evening most of the templars had left, either for their homes or for places of interest contiguous to Louisville. Many came bearing the point of greatest interest.

The ballroom at the grand hotel was a most gaudy show. The crowd was too great to allow of comfortable dancing, but the knights and their ladies pronounced the event a success. It is estimated that 8,000 persons were present.

Recreation and excursion on the river were other features of the evening's entertainment.

WAR OF EXTERMINATION.

The Kurds Have Recommended the Massacre and Extermination of the Armenians.

London, Aug. 30.—The Daily Mail publishes Friday an article written by All Nouri Bey, former Turkish consul at Smyrna, in which he gives a history of the massacre of Armenians in Kurdish, which has just recommended, is part of a regular system of extermination. He says: "The number of Armenians killed will depend upon the outcry raised in Europe and the pressure brought to bear upon the Turks." The same horrible process will be repeated year by year until all are killed."

THE STEAMBOAT DISASTER.

Nine Persons Are Known to Be Dead and at Least Twenty Are Missing.

Philadelphia, Aug. 30.—It developed that Mrs. Lillian, one of the passengers of the boiler on the steamer City of Trenton, while on her way up the Delaware river from this city to Trenton, was more appalling than was at first supposed. Nine persons are known to be dead and at least 20 are missing, most of whom are believed to have been on the steamer, and two of the injured still in the hospital will probably die.

Although the searchers have been dragging the river ever since Wednesday afternoon, the water has been unable to find more bodies. There are more victims in the river is the firm belief of the authorities, and their failure to find additional dead is supposed to be due to the strong current in the river.

A TRAIN DERAILLED.

Two Men Killed and 28 Persons Were More or Less Injured, Some of Whom Were Injured.

Newark, N. J., Aug. 30.—The locomotive train leaving South Point over the Northern Central railroad, and which arrived in this village at 6 o'clock, was derailed Thursday morning. YELLOW FEVER SERUM.

The Commission Has Definitely Severed Connection With the Brazilian Expert.

Havana, Aug. 30.—Major Havard chief surgeon, says that as the yellow fever commission regards the experiments with the Caldas serum in Brazil as a failure, he has definitely severed connection with the Brazilian expert, and will not supersede any further experiments conducted by him. "Dr. Caldas has all along maintained that he had found the yellow fever serum in the blood, and in the Palmar mills the work is progressing smoothly, and no descriptions are reported.

The last two mills in the Painter plant were to have started Thursday, but were delayed in getting to them ready, and the starting was postponed for a few days.

The only significant action in Lawrenceburg, Thursday, was the successful starting of the guide mill in the lower end mills of the Carnegie company. This was done according to the officials, with a full crew, and the mill will be run without interruption.

The American Tin-Plate Co. has announced that it will start the Demarest mills of the company on Monday of next week. Police protection has been asked from Mayor Black of Mecosta.

Washington, Aug. 30.—The secretary of interior has received from Lieut. E. P. Bertholf, of the revenue cutter service, a report of purchases of reindeer made in Siberia for shipment to Alaska, which will arrive this summer. He says he has secured 40 young does and 50 bucks, all of the large Tungus breed, and that he thinks a contract can be made for 1,000 reindeer for next summer.

The deer were bought in the village of Ortova and were shipped from that place to Port Charapet. The distance is 2,000 miles. Lieut. Bertholf suggested some doubt that the germ of the disease is in the blood, people having been directly inoculated by blood infection from a person suffering with yellow fever.
